Which of the above described permits do you wish to apply for? Please indicate your choice below.

- North Island Schedule only
- South Island Schedule only
- Both North and South Island schedules

The Department has made an assessment of the activity being offered through the national WARO permits and has addressed the effects of this within the standard and special conditions contained in the permit on offer. That assessment covers the following effects:

- Impact upon recreation hunters and other public conservation land users
- Disturbance to plant life
- Disturbance to other wildlife
- Disposal of carcasses
- Effects on animal densities
- Effect upon public conservation land from any off-road activity (access)
- Removal of rubbish
- Disturbance to natural quiet
- Toileting
- Public and operator safety

If your activity is likely to have additional or more potentially adverse effects than those stated above please list these and state how you propose to avoid, remedy or mitigate these in Section F.

## F. Description of additional, actual or potential effects of proposal

If you have identified additional or more potentially adverse effects than those assessed by the Department in Section E please complete the table below. Effects can either be actual or potential that you are aware of. An excellent resource to assist with this process is available online at <http://www.doc.govt.nz/upload/documents/about-doc/concessions-and-permits/concessions/guide-to-environmental-impact-assessments.pdf>

Record the potential effects of your proposal here	Outline methods to avoid, remedy or mitigate effects here

## G. Testimonials

Please attach two written testimonials, together with the names, occupations, addresses and phone numbers of two people who will vouch for the proficiency of the applicant in the proposed activity. At least one testimonial should contain information in relation to the financial viability and standing of the applicant. These testimonials are to be labelled Attachment G.

## **I. Fees and costs**

### **Processing fees**

Section 60B of the Conservation Act contains the statutory provisions regarding processing fees.

The Department recovers all direct and indirect costs to process WARO applications regardless of whether the application is approved or declined.

The application processing fee is based on the time required to process your application and staff hourly charge-out rates. If the application is particularly complex or complicated then further costs will be incurred. In this situation the Applicant will be sent an estimate of costs. Applicants are also entitled to request an estimate of costs at any point but the Department may impose a charge for preparing such an estimate. Estimates are not binding.

The Department will ordinarily invoice the Applicant for processing fees after a decision has been made on the application but in some cases interim invoices will be issued. If at any stage an application is withdrawn the Department shall invoice the Applicant for the costs incurred by the Department up to that point. Applicants are required to pay the processing fees within 28 days of receiving an invoice. The Director-General is entitled to recover any unpaid fees as a debt.

The Department may obtain further information either from the applicant or from any other relevant source in order to process the application. The applicant will be advised of any information obtained from other sources. The cost of obtaining such information will be charged to and recovered from the applicant. The applicant will be informed as soon as practicable from receipt of the application if further information is required before this application form can be fully processed by the Department.

### **Ongoing fees**

If your application is approved, you will also be required to pay annual administration management fees throughout the term of the WARO concession to cover the cost of administration.

Please contact the nearest [Department of Conservation office](#) to discuss the applicable fee and processing timeframe for the application.
