## Summary by region

Because 17% (1,559) of concessions across this dataset have multiple regions, region counts in the chart and table below do not align with totals of distinct concession numbers per year. The majority of concessions in this dataset are in 1 region (83% or 7,869), 15% (1,437) are in 2-4 regions and 1% (122) are in 5-11 regions.
