D. Statement of Support, Neutrality or Opposition
☐
I **Support** this Application (I am making a submission)
☐
I am **Neutral** on this Application (I am making a submission).
☒
I **Oppose** this Application (I am making an objection).**E. Hearing Request**
☐
I **Do Not** wish to be heard in support of this objection or submission at a hearing.
☒
I **Do** wish to be heard in support of this objection or submission at a hearing

F. Objection or submission

The specific parts of the application that this objection or submission relates to are:

I agree with Fiordland Lobster Co (FLC) wanting to make their work area safe however, in by doing so will remove the ability to access the wharf and "white house" facilities for public use.

My reasons for my objection or submission are:

Many New Zealanders that visit this area and recreational fishermen use the wharf to put supplies and people on/off their watercraft, tie up to clean fish and currently have use of the shower & toilet.

If the public access to this is removed and governed by FLC will result in an increase of utes and trailers travelling to the other toilet facility beside the cafe or the tourist centre which will create traffic issues (as there are already).

The outcomes that need to be addressed by this application are:

Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought if the application is approved.

As part of or prior to this application being granted; FLC or DoC should look to upgrade the boat ramp, to include a fish cleaning station and toilet/shower facility for the many members of the public that currently use it.

If fact; the whole of the deepwater basin area (outside of the FLC and wharf facility) is a disgrace and requires attention. There is no segregation between passive recreation users, personal watercraft and commercial activity which creates a H&S issue. And absolutely no-one administering this area for parking or dumping/storing random items in the bush and laydown areas. ITS A MESS.

Revoking the Go Orange Kayaking facility consent and turning it into parking would also help...or give the consent to Rossco and get him away from the boat ramp.

G. Attachments

If you are using attachments to support your objection or submission clearly label each attachment, complete the table below and send in your attachments with this 'objection or submission form'.
