F. Objection or submission

The specific parts of the application that this objection or submission relates to are:

Objection to proposed location of new fence.
Access to wharf being denied permanently.
Funding of facilities

My reasons for my objection or submission are:

Fence should remain where temporary fence is now. Enough room for public at moment. No need to fence other side where rubbish dump is. Access limited only when commercial boats are docked. Majority of time there is no commercial activity on wharf so no need to end access. Income generated by DOC through landing hundreds of millions of dollar value in crayfish annually should be used to maintain facilities

The outcomes that need to be addressed by this application are:

Give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought if the application is approved.

Fence remain where it is.
Wharf still accessible to public when no boats docked.
Revenue collected by DOC from FLC used to maintain facilities
