Tēnā koe [REDACTED]

Thank you for your Official Information Act request to the Department of Conservation, received on 31 October 2022 in which you asked for:

*Copies of any other active Wildlife Act Authorities issued under s 53 that authorise the killing, destruction or disturbance of wildlife and any authorities terminated or amended following the decision in PauaMac5*

On 25 November 2022 you refined your request that for the purposes of this request you did not require, at this stage, any attachments to these Authorities, or the authorities relating to aerial pest management.

On 28 November 2022 we extended your request to 16 December 2022 due to the large quantity of information sought in scope.

In total we have identified 447 Authorities issued under section 53 of the Wildlife Act 1953 since 11 October 2019, being the final date of decision in the *PauaMac5* case.

Given the large number of documents within scope, we have opted to present the information in groups of approximately 40 records per attachment. Each attachment has its corresponding schedule, which can be found in Table 1 - Schedule of Documents. The schedules are numbered and provide the name of each record (the Authority number), and date of each document was signed by the decision maker. Each attachment is sorted according to Authority number.

I have decided to release the relevant parts of the documents listed in Table 1 - Schedule of Documents, subject to information being withheld under section 9(2)(a) – to protect the privacy of natural persons, including deceased people.

In making my decision, I have considered the public interest considerations in section 9(1) of the Official Information Act and determined there are no public interests which outweigh the grounds for withholding.

You are entitled to seek an investigation and review of my decision by writing to an Ombudsman as provided by section 28(3) of the Official Information Act.

Please note that this letter (with your personal details removed) and enclosed documents may be published on the Department's website.

[Redacted]

Nāku noa, nā

[Redacted]

Steve Taylor  
Director, Regulatory Services  
Department of Conservation
