Tēnā koe

Thank you for your request to the Department of Conservation (DOC), received on 20 January 2026, in which you asked for the Benefits Realisation Plan that details the expected benefits of the paid parking pilot and how they will be measured at Punakaiki and other locations.

A link to the Business Realisation Plan is in the table below.

It aligns with the detailed business case which was released last January. It was proactively released last year following a different OIA request and can be found at the following link:

Item	Date	Document description	Decision

Please note that this letter (with your personal details removed) and attached documents may be published on DOC's website.
