Tēnā koe [Redacted]

Thank you for your request to the Department of Conservation (DOC), received on 2 September 2025, in which you asked for:

"... all references to all government funded research carried out on 1080 and water since the ERMA review."

We have considered your request under the Official Information Act 1982 (the OIA).

The *1080 Pesticide Review* document contains references to all significant published research held on 1080 and water, known to DOC. Whilst you have asked about research specifically since the ERMA review (which occurred in 2007) this reference list contains research spanning from the early 1950's until current day.

Item	Date	Document description	Decision
1	9 September 2024	Sodium Fluoroacetate (1080) Pesticide Information Review	Released in part

I have decided to release the relevant parts of the documents listed above, subject to information being withheld section 9(2)(g)(ii) of the OIA - to protect Ministers, officials, or employees from improper pressure or harassment.

In making my decision, I have considered the public interest considerations in section 9(1) of the OIA and determined there are no public interests that outweigh the grounds for withholding.

You are entitled to seek an investigation and review of my decision by writing to an Ombudsman as provided by section 28(3) of the OIA.

Please note that this letter (with your personal details removed) and attached documents may be published on DOC's website.

Nāku noa, nā

Ben Reddiex
