

KIWI

Reported **Dog vs Kiwi** Incidents by Year

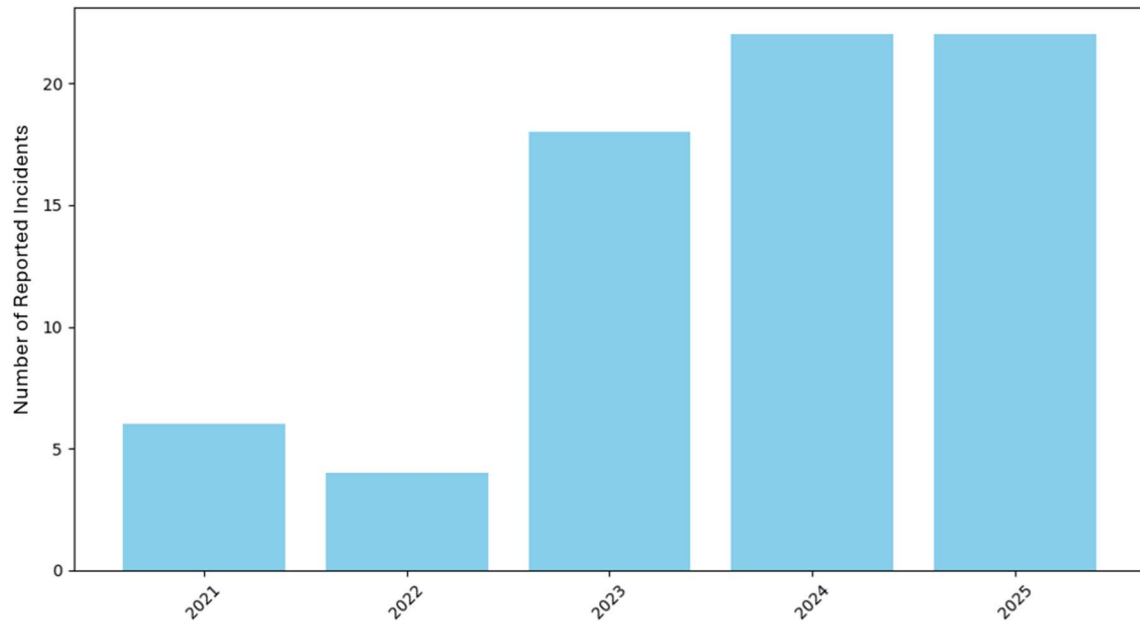

Summary:

- **2023** had the highest number of reported incidents.
- There's a noticeable increase in incidents starting from **2021**, peaking in **2023**, and slightly declining in **2024**.
- **2025** shows fewer incidents so far, likely due to partial year data.

PENGUIN

Data note: The majority of 'Dog vs Penguin reports' involved Korora/Little Blue, however two reports involved Hoiho/Yellow Eyed Penguin.

Reported **Dog vs Penguin** Incidents by Year

Highlights:

- There's a clear upward trend from **2021** through **2025**, indicating increasing frequency or reporting.
- **2025** shows a particularly high count. The number of incidents in 2025 thus far, already matches the 2024 total - suggesting ongoing concern.
