

Is this the right application form for me?

Use this application form for existing or proposed buildings/structures (e.g. boatsheds, sheds, retaining walls, bridges, steps, etc.) on Sounds Foreshore Reserve (SFR).

The Department of Conservation (DOC) will process the application and issue a concession if it is satisfied that the application meets all the requirements for granting a concession under Part 3B of the Conservation Act 1987.

You can also use this form to apply for a 'variation' of a current licence/lease concession if the change(s) are only minor. A variation can't be used if you want to extend the term, substantially change the location or increase the environmental effects of your concession activity.

What other application forms may be relevant?

If you seek an easement concession across SFR, either to benefit other land or in gross (e.g. right of way), for the following purpose:

- a right to convey water.
- a right to drain water.
- a right to drain sewage.
- a right of way.
- a right to convey electricity.
- a right to convey telecommunications.
- a right to convey gas.

Use or include this [form for new easement applications and variations to an existing easement concession](#)¹ across land administered by DOC.

How do I complete this application form?

- Complete all relevant sections of this form.
- DOC encourages electronic applications (e.g. typed Word document), rather than handwritten applications. Electronic applications are easier to read and less likely to be returned to you for clarification.
- If you need extra space, attach or include extra documents and label them according to the relevant section. Record all attachments in the table at the back of the application form (section L).

Note: Personal and sensitive information will be managed by DOC confidentially. For further information check [DOC's privacy and security statements](#)².

If I need some help, where do I get more information?

- Check DOC's [SFR Licences/Concessions](#)³ and [Access structures on SFR](#)⁴ webpages.
- DOC recommends that the applicant contact the Waitohi/Picton District Office to discuss the application and arrange a pre-application meeting (either face to face or over the phone) prior to filling in this form. Phone +64 3 520 3002. Email picton@doc.govt.nz
- It is also recommended that you seek legal advice for guidance when completing this form.

Have you considered DOC's statutory planning documents?

Your building or structure must not be inconsistent with [DOC's relevant statutory planning documents](#)⁵ as they set out how DOC and our Treaty partners manage public conservation land. Statutory planning documents can have a direct impact on your application, for example they may set the specific track limitations and vegetation clearance.

Book a pre-application meeting with DOC staff if you require assistance with navigating DOC's statutory planning documents.

How do I submit my application?

Email your completed application and any other attachments to: permissions@doc.govt.nz

What happens next?

Once received, your application will be assessed by DOC. If your application is complete, DOC will begin processing.

If your application is incomplete, it will be returned to you with a request for more information.

Why does DOC ask for this information?

The questions in this application form are designed to cover the requirements set out in DOC's conservation legislation. DOC will not use this information for any other reason not related to that purpose. Your answers allow us to assess:

- The effects of your encroachment and your proposed methods to avoid, remedy or mitigate any adverse effects of the activity.
- Your creditworthiness – a factor in determining whether DOC should extend credit to you and set up a DOC customer accounts receivable credit account for cost recovery. To make this assessment DOC will supply your information to a credit checking agency.

Note: Personal information will be managed by DOC confidentially. For further information check [DOC's privacy and security statements](#)⁶.

Information collected by DOC may be supplied to a debt collection agency in the event of non-payment of payable fees.

Treaty Partner consultation

DOC has a responsibility to give effect to the principles of the Treaty of Waitangi in all areas of our work and may consult with our Treaty Partners about your application. More information can be found on the DOC website on our [iwi/hapū/whānau consultation](#)⁷.

Contact your [local DOC office](#)⁸ if you require further information about consultation.

What fees will I pay?

You will be charged a processing fee for this application, regardless of whether your application is granted or not. If your application is granted, you may be required to pay annual activity and management fees.

DOC will send you a cost estimate of the processing fee once your application has been accepted. If further charges are likely to be incurred, DOC will provide you with a revised estimate.

DOC will invoice your processing fees after your application has been considered. If your application is large or complex, DOC may undertake billing at intervals periodically during processing until a decision is made. If you withdraw your application DOC will invoice you for the costs incurred up to the point of your withdrawal.

Your application will set up a credit account with DOC. See the checklist at the end of the form for the terms and conditions you need to accept for a DOC credit account.

In addition, if you are granted a licence over public conservation land you may also be required to pay a bond, insurance, monitoring fees and [ongoing activity fees](#)⁹ and management fees.

Bond

A bond may be required to ensure compliance with the conditions of a Sounds Foreshore Reserve permit or licence. The amount of the bond will be set at an appropriate level to recognise potential costs. The bond may be an unconditional on-demand surety bond or a cash bond held in trust and refunded (with any interest) at the conclusion of the building activity or called upon to ensure compliance with the conditions of the permit or licence.

Will my application be publicly notified?

Your application will be publicly notified if:

- It is a license with a term of more than 10 years.
- It is a lease.
- After having regard to the effects of the activity, DOC considers it appropriate to do so.

Public notification will increase the time and cost of processing your application.

What does DOC require if my application is approved?

If your application is approved DOC requires **insurance** to indemnify the Minister of Conservation against any claims or liabilities arising from your occupation and/or activities on SFR. The level of insurance cover will depend on the activity.

Note: DOC/Minister can vary the concession if the information on which the concession was granted contained material inaccuracies. DOC may also recover any costs incurred.

B. Variation of an existing licence and/or concession.

Is this application *varying* an existing licence/lease concession?

No	<input type="checkbox"/>
Yes	<input type="checkbox"/>
Licence/lease concession number(s) you wish to vary	

C. Pre-application meeting

Have you had a pre-application meeting or spoken to someone in DOC?

No (continue to section D.)

Yes (record details below)

Date of DOC pre-application meeting	See in comment below
Name of DOC staff member(s)	Max Clark
Name of person(s) who had the pre-application meeting with DOC	Hood

Record relevant notes/comments:

An email trail dating back 18/11/2025 with Max Clark
Prior to this with Eilish Espiner 10 May 2023

D. What structures or activities are currently on SFR fronting your property?

All existing/new structures or activities are required to have prior approval for the continued occupancy of SFR. This may mean you have unauthorised structures or activities adjacent to your property that you are unaware of.

Please select below all appropriate structures and activities in relation to SFR fronting your property (Licensed and/or Unlicensed):

- | | | |
|--------------------------|----------------------|--------------------|
| Boardwalk | xBoatshed | Box steps |
| Bridge | Concrete path | Concrete steps |
| Conveying electricity | Conveying gas | Conveying telecoms |
| Conveying water | Culvert | Decking |
| Drainage/Stormwater pipe | Handrail | xHouse |
| Retaining wall <1.5m | Retaining wall >1.5m | xSeawall |
| xSeptic system/toilet | Shed | Shelter |
| Slipway | Staircase | Step risers |
| Tramway/Trolley | Water tank | Other: _____ |

Note: If the activity is not in this list check the activity on the DOC website to find the correct application form or book a pre-application meeting. Application forms that combine applicant and activity information on the DOC website include:

- [Aircraft activities](#)¹⁰
- [Easements](#)¹¹
- [Land based guiding](#)¹²

Provide details of currently held SFR Licenses, Permissions/Permits and Easements:

The boatshed/accommodation at this site has previously been authorised under NM-30557-SFR

E. Duration

State how long (months and years) you want any granted concession for private buildings or structures and why.

Note: An application for a concession for a period over 10 years must be publicly notified, an application for a concession up to 10 years will not be publicly notified unless the adverse effects of the activity are such that it is required, or if an exclusive interest in the land is required.

We are applying for a term of 30 years. The application includes buildings that are classified as "exclusive use" (IE not publicly available). Therefore public notification is required, even if a term of 10 years was applied for. For long-term security, we are applying for the maximum term available. Pre-application consult with Max Clark included that "Your proposed site/activity is unlikely to meet the Section 17Z(1) test for exceptional circumstances (which may allow for terms longer than 30 years). While you can apply for a term of up to 60 years, it is likely that it would only be partially approved for a term of 30 years."

F. Is this application for existing or new buildings and structures?

Select from the following:

- No (for **new buildings and structures only** fill in all sections **except** Section G.)
- Yes (for **existing buildings and structures only** fill in all sections **except** Section H.)
- Both (for **existing AND new buildings and structures** complete **both** Sections G. & H.)

G. Existing Buildings or Structures – Description of Encroachment on Sounds Foreshore Reserve

1. Provide the Lot, Deposited Plan (DP) number and name of the bay of the **adjoining property** to the encroachment.

Lot number:	63
DP number:	1896
Name of the bay:	Whatamango Bay
Address (if applicable):	493 Port Underwood Road Whatamango Bay Picton

2. Describe in detail the existing encroachment, including when it was installed / constructed, the size and footprint of the structure/s and the purpose of the structure/s. Attach all relevant information and list in section L Attachments including:

- Record(s) of Title for your property (mandatory)
- Maps
- NZTM coordinates
- Photographs
- Survey plans
- Resource consent applications
- Concept plans
- Engineering reports
- Other

2 Buildings:
Cottage roof area 8m x 8m
Boat shed 4m x 2.5 m
Toilet 1mx1m
Seawall/path – concrete strip along bay edge at the high tide mark 22m long x .450mm

3. Could this structure/work be reasonably located on your private property? Provide details of other sites considered:

The boatshed/accommodation and small shed have been on the site since the 1920's

4. Is the building going to be used for commercial purposes? Give details/reasons.

No

H. New Structures/Work - Description of Encroachment on Sounds Foreshore Reserve

1. Provide the Lot, Deposited Plan (DP) number and name of the bay of the adjoining property to the encroachment.

Lot number:

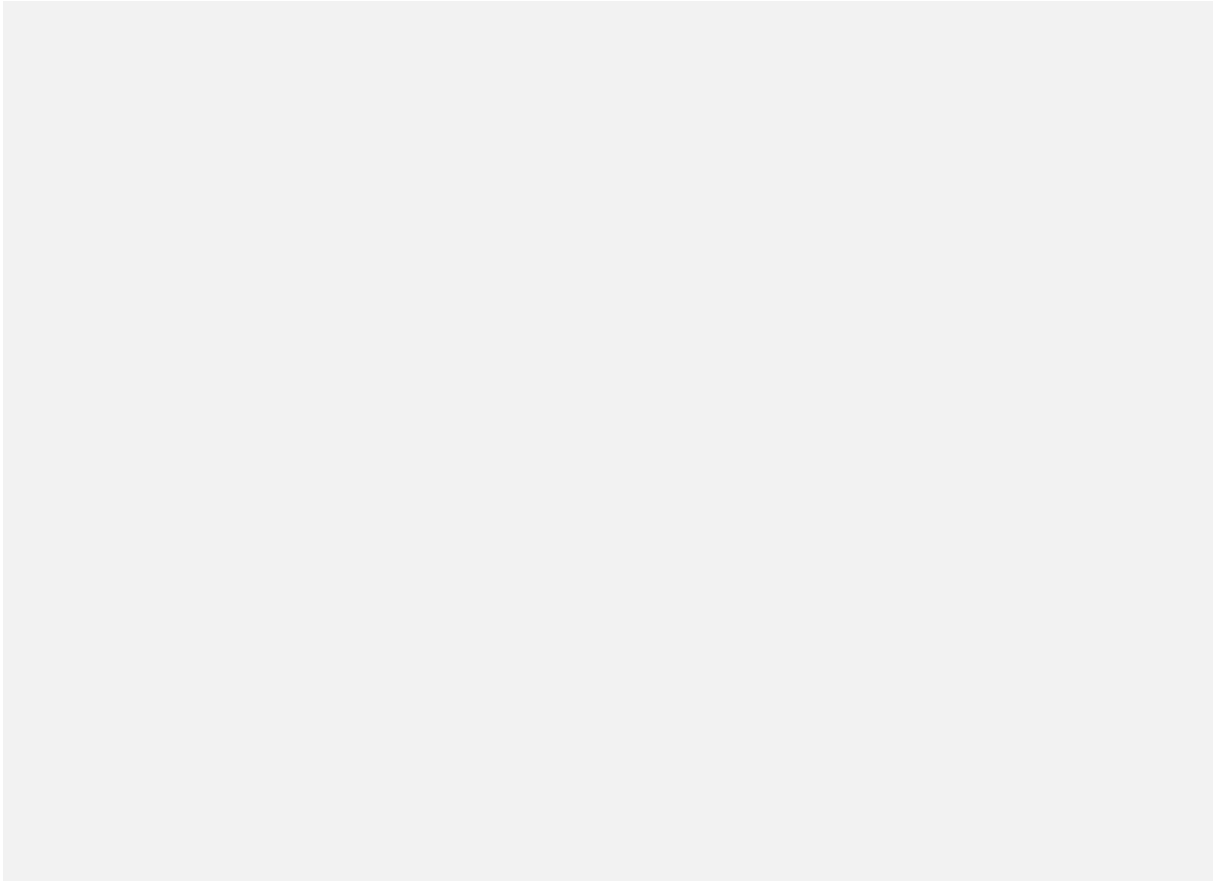

DP number:

Name of the bay:

Address (if applicable):

2. Describe in detail the proposed encroachment including when work is to commence, the size and footprint of the structure/s and the purpose of the structure/s. Attach relevant documents, including:
 - Record(s) of Title (mandatory)
 - Maps
 - NZTM coordinates
 - Photographs
 - Survey plans
 - Resource consent applications
 - Concept plans
 - Engineering reports
 - Other

3. Could this structure/work be reasonably located on your private property? Provide details of other sites considered:

4. Is the activity applied for being used for commercial purposes? Give details/reasons.

I. Are you applying for anything else?

Are you applying for other DOC permissions (e.g. easement, concession) as well as this activity?

No	<input type="checkbox"/>
Yes	<input checked="" type="checkbox"/>

If yes, state the other permissions you are applying for?

Easement for Services:
existing overhead powerlines
Sewer line
Fibre
Water line

on private adjoining land - to install a
septic sewer treatment system

J. Planning provisions (all applicants)

1. Does your proposal comply with the Marlborough District Council district plan(s) for the area?

No

Yes

2. Do you require resource consent and/or building consent? (Ask the relevant councils' planning sections for advice. Generally, if structures are to be built (or have been built), it is likely that consent/s will be required).

No We will require local authority consent for the new septic sewer treatment System - we plan to apply once we have knowledge on the future of the

Yes Bach on the foreshore

3. If resource/building consent is required, provide details of the consent together with information on progress with the application for consents. (It will be a condition of any licence to occupy that all necessary consents have been obtained.)

We would not need the waste water treatment system on private land if the licence of occupy is not granted. So if permitted we can provide preliminary details or a design in the meantime.

K. Consultation undertaken

DOC has a statutory obligation to give effect to the principles of the Treaty of Waitangi. This often requires consultation with our Treaty Partner (iwi/hapū/whānau of local Māori) on your application. If you have already consulted with our Treaty Partner, or with other interested stakeholders, DOC would like to know about it.

We recommend you discuss consultation with a DOC staff member before starting your application.

Have you carried out any consultation?

No

Yes

If yes, supply details for each group consulted with:

Whānau/hapū/iwi or other interested party consulted with:	Te Atiawa Trust
Name of individual you consulted with:	
Date of consultation:	7 January 2026 and 19 January 2026
Form of consultation (e.g. email, meeting):	email
Outcome of consultation*:	Not much engagement other than to say they do not like privatisation and were more concerned about the resource consents issued for the modifications of the bach over the past 100 years. All modifications made to the bach were prior to the RMA 1997 coming into force.

***If you received a written response to your consultation attach a copy to this application. Record the document details in the L Attachments section of this form.**

L. Consistency with DOC statutory plans

List [DOC's statutory planning documents](#)¹³ relevant to your application (e.g. Nelson/Marlborough Conservation Management Strategy):

Conservation General Policy 2005
Nelson/Marlborough Conservation Management Strategy 1996

Are you aware of any potential inconsistency your activity may have with DOC's statutory planning documents?

No	<input checked="" type="checkbox"/>
Yes	<input type="checkbox"/>

If you have answered 'yes' explain why it is inconsistent with the statutory planning documents.

¹³ <https://www.doc.govt.nz/about-us/our-policies-and-plans/statutory-plans/>

M. Description of actual and potential effects of existing or proposed works (all applicants)

Identify actual or possible effects of the activity applied for. Describe the actions you propose to take to avoid, remedy or mitigate those effects. For further information check [DOC's Environmental Impact Assessment](#)¹⁴ and [DOC's guide to preparing your environmental impact assessment](#)¹⁵.

In many cases an Assessment of Environmental Effect (AEE) prepared for resource consent under the Resource Management Act 1991 will satisfy this requirement.

Provide details below and record the document details in the L Attachments section of this form.

Effects	Description
Effects on the landscape e.g. ability of landscape to accommodate changes.	Nothing beyond existing structures under NM-30557-SFR
Effects on the visual composition of the landscape.	
Effects on cultural values of Tangata Whenua or members of the public.	
Effects on historic sites or objects including Wāhi Tapu e.g., disturbance of the ground.	The site is not within proximity (200m buffer zone) to any known archaeological sites. No earthworks are proposed as part of this application
Effects on existing infrastructure such as roads, tracks, huts, carparks etc.	
Effects on existing vegetation e.g. disturbance or removal of vegetation.

Effects of earthworks e.g. removal of topsoil and where removed earthworks will be stored. Note: All earthworks storage on public conservation land needs to be authorised.	NA
Effects on wildlife or wildlife habitat .	No changes occurring
Effects on aquatic habitat (waterways, swamps, freshwater animals and vegetation).	No changes occurring
Effects on other users (Tangata Whenua, recreational users, and concessionaires) of the land.	NIL as been existing for a long time
Effects of potential increased threats (pests, weeds, pathogens, and fire) to public conservation land.	NA
Effects of increased rubbish, toilet waste or debris left on public conservation land during construction and regular use of the easement.	We do not intend to leave any waste or debris on the Sounds Foreshore, this will be stored on private land.
Cumulative effects that could be caused by the activity.	Nothing that we are aware of and if any then it would be minor.
Positive effects of the activity.	Concrete seawall manages erosion. Place of social contact

N. Attachments

Attachments should *only* be used if:

- You are answering a specific question and providing a report e.g. Environmental Impact Assessment.
- There is not enough space on the form to finish your answer.
- You have additional information that supports your answer.
- You wish to make an additional request of DOC regarding the application.
