

Project Number	Project Name	Organisation	Link	Year Completed
2	Advice on digitising Protected Natural Areas Programme survey reports	Wildlands Consultants	http://www.biodiversity.govt.nz/pdfs/funded_projects_2.pdf	2003
4	Digitise floras and faunas	Landcare Research	For Flora - http://floraseries.landcareresearch.co.nz/pages/index.aspx	2003
			For Fauna - http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/faunaofnz/	2003
6	Publish a definitive list of bird names	Ornithological Society of New Zealand	http://bird.org.nz/nzrbn.htm#lists	2003
7	Provide an internet portal to biodiversity information resources	Department of Conservation	http://www.biodiversity.govt.nz/resources/index.html	2004
12	Digitise backlog ecological field survey data for vegetation communities	Landcare Research	http://nvs.landcareresearch.co.nz	2003
13	Digitise backlog collections data for insects collections data	Landcare Research	www.landcareresearch.co.nz/databases/db_details.asp?Database_Collection_ID=11	2003
15	Develop a new freshwater biota database	NIWA	https://secure.niwa.co.nz/fbis/index.do	2004
16	Develop and apply a model for internet-based user access to data	Landcare Research	http://nvs.landcareresearch.co.nz	2003
27	Digitise a restoration guide	Department of Conservation	Protecting and restoring our natural heritage: a practical guide	2002
28	Hardware and software for New Zealand Ecological Restoration Network	New Zealand Ecological Restoration Network	http://www.converge.org.nz/bush/	2003
29	Develop an information management plan	Queen Elizabeth II National Trust	www.qe2.org.nz	2003
30	Develop an information management plan	New Zealand Ecological Restoration Network	http://www.converge.org.nz/bush/	2003
32	Digitise historic herpetofauna (lizard and frog) data	Department of Conservation	http://www.doc.govt.nz/conservation/native-animals/reptiles-and-frogs/	2006
33	Digitise and secure high country vegetation data	Landcare Research	http://nvs.landcareresearch.co.nz	2004
35	Develop a Web-based system for sharing information about threatened plant conservation	New Zealand Plant Conservation Network	http://www.nzpcn.org.nz/	2004
36	Digital dataset of boundaries of registered covenants	Queen Elizabeth II National Trust	www.qe2.org.nz	2005

37	Develop and maintain a Biodiversity Spatial Information Platform	Department of Conservation	http://www.doc.govt.nz/about-doc/role/maps-and-statistics/docgis/	2006
42	Digitise bird survey data	Ornithological Society of New Zealand	http://www.osnz.org.nz/publ.htm	2005
46	Hardware to enhance biodiversity related services	New Zealand Ecological Restoration Network	http://www.converge.org.nz/bush/	2003
48	Software manuals for the New Zealand Ecological Restoration Network (NZERN) website volunteers	New Zealand Ecological Restoration Network	http://www.converge.org.nz/bush/	2003
51	Digitise mollusc data and prepare keys	Te Papa	http://collections.tepapa.govt.nz/Search.aspx?imagesonly=off&advanced=colCollectionType%3AMolluscs	2008
53	Te Papa Cicadidae Specimens Database	Te Papa	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/nzac/tfbis/cicadidae.asp	2005
54	Digitise and publish ecological research papers on the Internet	New Zealand Ecological Society	http://www.newzealandecology.org/nzje/issues.php	2004
56	Identify amphipod specimens and digitise records	Te Papa	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/nzac/amphipoda/	2008
58	Digitise high value forest vegetation survey data	Landcare Research	http://nvs.landcareresearch.co.nz	2004
61	Provide internet access to the Bibliography of New Zealand terrestrial invertebrates	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/nzac/BUGS_project.asp	2004
62	Web-based GIS and dynamically generated distribution maps of New Zealand biota	Landcare Research	Plant collections in Christchurch are available via the 'Distribution' tab on the results page resulting from a search on the 'New Zealand Plants' portal available at http://nzflora.landcareresearch.co.nz/default.aspx?NavControl=home . Fungal collections	2004
63	Prepare a virtual mycota	Landcare Research	http://virtualmycota.landcareresearch.co.nz	2005
66	Prepare a report on new plant naturalisations and some weed threats to indigenous biodiversity	Landcare Research	www.landcareresearch.co.nz/research/research_details.asp?Research_Content_ID=74	2004
69	Identify freshwater diatom samples, and compile a digital database	NIWA	http://www.niwa.co.nz/our-science/aquatic-biodiversity-and-biosecurity/research-projects/all/freshbiodiversity/diatom	2004
70	5 Minute bird counting	R D & I DOC	http://www.doc.govt.nz/templates/summary.aspx?id=33078	2005

78	Contribution to DOC Extranet	Department of Conservation	www.doc.govt.nz	2005
79	Advice on digitising collections and databases	Wildlands Consultants	http://www.biodiversity.govt.nz/pdfs/TFBIS-programme-report.pdf	2003
80, 81, 82, 83	New information modules on the New Zealand Ecological Restoration Network Toolbox	New Zealand Ecological Restoration Network	http://www.converge.org.nz/bush/	2005
85	User needs and options report for the National Vegetation Survey Databank	Landcare Research	http://nvs.landcareresearch.co.nz	2004
86	Prepare a web guide to soil invertebrates	Massey University	http://soilbugs.massey.ac.nz	2005
89	Digitise fish collection data	Canterbury Museum	https://secure.niwa.co.nz/fbis/index.do	2004
90	Digitise herpetofauna collection data	Canterbury Museum	data available on request from DOC	2004
92	Prepare guides for the pond and aquarium trade	NIWA	http://www.niwa.co.nz/_data/assets/pdf_file/0008/28295/aquarium_low_risk.pdf AND http://www.niwa.co.nz/_data/assets/pdf_file/0007/28294/aquarium_high_risk.pdf	2004
93	Locate and digitise freshwater weed data	NIWA	https://secure.niwa.co.nz/fbis/index.do	2004
94	Report on vegetation biodiversity using LakeSPI	NIWA	http://lakespi.niwa.co.nz	2004
98	Prepare a guide to soils at vegetation restoration	Landcare Research	Internet guide "Soil properties for plant growth"	2004
100	Names of common New Zealand plants	Landcare Research	http://nzflora.landcareresearch.co.nz	2004
102	LCR Indigenous/ Exotic status of Fungi in NZ	Landcare Research	http://www.landcareresearch.co.nz/databases/db_category.asp?DB_Coll_Category_ID=3	2004
103	Prepare a website about the phylogenetic relationship of New Zealand flora	Landcare Research	http://plantphylogeny.landcareresearch.co.nz/webforms/about.aspx	2004
105	LCR Digitising Carabid and Large Weevil Specimen Label Data	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/nzac/tfbis/index.asp	2008
107	User needs for guides to freshwater flora and fauna	NIWA	report "User needs for identification guides to freshwater biota"	2004
109	Host national workshop, "Improving Information Systems to Support Terrestrial and Freshwater Biodiversity Conservation in New Zealand", 10-11 November 2003	TFBIS Programme	workshop results "Improving Information Systems to Support Terrestrial and Freshwater Biodiversity Conservation in New Zealand"	2003
112	NIWA Identification Guides for Freshwater Biota	NIWA	http://www.niwa.co.nz/our-science/aquatic-biodiversity-and-biosecurity/tools/freshwater-guides	

115	University of Waikato Publishing "Wetland Types in NZ"	University of Waikato	http://www.doc.govt.nz/upload/documents/science-and-technical/WetlandsBW.pdf	2004
116	NZPCN Internet based Plant Conservation information system; Phase 3	NZPCN	http://www.nzpcn.org.nz/default.asp	2009
125	Guide for ecological understanding and identification of fungi of NZ	Landcare Research	http://fungalguide.landcareresearch.co.nz	2007
130	LENZ regional workshops	Landcare Research	http://www.landcareresearch.co.nz/databases/lenz/	2004
139	Meeting and preparation of a report to clarify Taxonomic names issues	Landcare Research	http://www.biodiversity.govt.nz/pdfs/TFBIS_Taxonomic_Names_Workshop_Report_1.pdf	2005
141	GBIF "readiness" and state of Regional Council and major bio databases to integrate	Landcare Research	http://www.biodiversity.govt.nz/pdfs/tfbis-major-biodatabases-survey-report-1.0.pdf	2005
145	Master list of Alien Species	ISSG	www.issg.org/database/welcome	2005
146	Herbivore – Plant Host Associations	Crop and Food Research	http://www.crop.cri.nz/home/plant-synz/index.php	2007
147	Road show for Eco Track –NZERN's web based information system	New Zealand Ecological Restoration Network	Road show was undertaken	2004
149	Notornis digitisation	Wild Press	www.notornis.org.nz	2006
150	Incorporate Cawthron Institute freshwater invertebrate and algae data into FBIS	Cawthron Institute	https://secure.niwa.co.nz/fbis/index.do	2006
151	Internet Based Cryptogamic Plant conservation information system	NZPCN	www.nzpcn.org.nz	2009
153	Improve Access to NZ Plant Names	Landcare Research	http://nzflora.landcareresearch.co.nz/	2006
154	Database of Wild Animal Surveys	Landcare Research	http://animalreports.landcareresearch.co.nz	2007
155	Digitisation of the NZ Flora Series – Lichens	Landcare Research	http://floraseries.landcareresearch.co.nz	2007
156	Collection of historical vegetation data and inputting into the NVS	Landcare Research	http://nvs.landcareresearch.co.nz	2006
157	Securing data from the national carbon monitoring programme into the Allan Herbarium	Landcare Research	http://www.landcareresearch.co.nz/databases/db_details.asp?Database_Collection_ID=3	2007
159	Access to data on location and timing of key Dipteran and Lepidopteran pollinators	Landcare Research	http://www.landcareresearch.co.nz/research/biocons/pollination/profiles/	2009
160	Wild Animal Distribution Database	Landcare Research	http://animaldistribution.landcareresearch.co.nz/webforms/Home.aspx	2006
161	Digitisation of Weed Specimens Allen Herbarium	Landcare Research	http://nzflora.landcareresearch.co.nz/	2007
162	Biodiversity Recording Network	Landcare Research	http://www.nzbrn.org.nz/	2007
163	Derived Biodiversity Information	Landcare Research	http://DerivedBD.LandcareResearch.co.nz	2008

164	Virtual Identification of NZ Cicadas	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/hemiptera/cicada/index.asp	2008
165	Digitisation of NZ Flora – NZ Liverwort Flora	Landcare Research	http://floraseries.landcareresearch.co.nz/pages/index.aspx	2008
166	Digitise two historically important collections of NZ macro fungi	Landcare Research	http://nzfungi.landcareresearch.co.nz/html/mycology.asp	2006
167	Digitise banding schedules of the NZ National Bird Banding Scheme	Department of Conservation	http://www.doc.govt.nz/templates/summary.aspx?id=45705	2008
168	Create an electronic and hard copy distribution atlas of Amphibians and Reptiles of NZ	Department of Conservation	http://www.doc.govt.nz/conservation/native-animals/reptiles-and-frogs/reptiles-and-frogs-distribution-information/atlas-of-the-amphibians-and-reptiles-of-nz/	2009
169	Digitisation of 5 minute bird count data	Department of Conservation	http://www.doc.govt.nz/templates/summary.aspx?id=33078	2006
170	Predicted distributions of fish species	NIWA	http://www.niwascience.co.nz/services/free/nzffd	2008
171	Web Access to Life history information for stream macro invertebrate	NIWA	https://secure.niwa.co.nz/fbis/index.do	2007
172	University of Canterbury, Entomology Publication 1775-1993, development of web interface	University of Canterbury	www.bugz.org.nz	2008
175	Alignment of funded projects to strategy	Seradigm Knowledge	http://www.biodiversity.govt.nz/land/nzbs/tfbis/tfbis/tfbis_project_alignment_report_1.0.pdf	2005
176	Improving Access to Alpine Biodiversity datasets archived in the NVS databank	Landcare Research	http://nvs.landcareresearch.co.nz/	2007
177	NVS software development	Landcare Research	http://nvs.landcareresearch.co.nz/	2010
178	Scoping exercise for New Zealand Organisms Register	Landcare Research	http://www.biodiversity.govt.nz/pdfs/NZOR_scope.pdf	2007
179	Ongoing development of Phylogeny of NZ Plants	Landcare Research	http://plantphylogeny.landcareresearch.co.nz/WebForms/Home.aspx	2008
180	Biodiversity Project Database	Department of Conservation	http://www.doc.govt.nz/conservation/land-and-freshwater/biodiversity-projects-database/find-a-biodiversity-project/	2006
181	QEII Covenant Database	QEII	www.qe2.org.nz	2007
182	Internet based plant conservation information system	NZPCN	www.nzpcn.org.nz	2011

183	Curation of Vegetation Data to enable reports on progress towards maintenance of ecological integrity	Landcare Research	http://nvs.landcareresearch.co.nz/	2008
184	Access to fungal biodiversity data from past and future NZ fungal forays	Fungal Network of NZ	www.nzbrn.org.nz	2007
185	Web based multi access interactive key to grass genera of New Zealand	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/plants/grasskey/	2008
186	Virtual identification of New Zealand ground beetles	Landcare Research	www.landcareresearch.co.nz/research/biosystematics/invertebrates/carabid/genera	2009
187	Digital key of New Zealand Stoneflies	Steve Pawson, EPENZ	http://www.stoneflies.org.nz/	2008
188	Scoping report on NZ aphids	Crop and Food Research	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/nzac/tfbis/Aphids.asp	2007
189	Lichen Digitisation	Landcare Research	http://floraseries.landcareresearch.co.nz	2008
190	Accessing historical mushroom collections	Landcare Research	http://nzfungi.landcareresearch.co.nz	2007
191	Upgrading location information for key alpine biodiversity datasets archived in the NVS databank	Landcare Research	http://nvs.landcareresearch.co.nz/	2007
192	Enhancing the accessibility of the Ecological Transect Forest Monitoring System Database	Landcare Research	http://nvs.landcareresearch.co.nz/	2007
193	Improving access to data associated with the lice (Insecta: Phthiraptera) from New Zealand hosts	Te Papa	http://collections.tepapa.govt.nz/theme.aspx?irn=2062	2010
194	Quick-guides for aquatic invertebrate identification	NIWA	http://www.niwa.co.nz/our-science/aquatic-biodiversity-and-biosecurity/tools/freshwater-guides	2007
195	Software tools to index taxonomic data in the BUGS bibliography of terrestrial invertebrates of New Zealand (1775-1993)	University of Canterbury	www.bugz.org.nz	2008
196	Kaipara PNA & Whole of Northland	DOC	http://www.doc.govt.nz/publications/conservation/land-and-freshwater/land/northland-conservancy-ecological-districts-survey-reports/natural-areas-of-kaipara-ecological-district/	2006
198	Distribution, conservation status and identification of New Zealand's living-fossil phreatoicid isopod crustaceans	NIWA	http://www.niwa.co.nz/our-science/aquatic-biodiversity-and-biosecurity/tools/isopods	2009
199	Electronic encyclopaedia and annotated bibliography of Lizards	Landcare Research	http://nzlizards.landcareresearch.co.nz/	2011

202	TFBIS Strategy and Road show	.	http://www.biodiversity.govt.nz/pdfs/TIFBIS-strategy.pdf	2007
205	Integrating chromosome numbers of indigenous plants into the NZ Plants Database	Landcare Research	http://www.landcareresearch.co.nz/publications/researchpubs/chromosome2008.pdf	2008
206	Horak Mushroom Images	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/fungi/horak/	2008
207	An interactive key to weed species on the National Pest Plant Accord	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/plants/nppakey/	2009
208	Protected Areas Network NZ: meta-database and needs assessment	Landcare Research	http://www.biodiversity.govt.nz/pdfs/pannz-metadata-survey-needs-assessment.pdf	2008
209	Council Biodata Managers Community of Practice - Dataversity	Government on line	http://dataversity.org.nz	2011
210	Predicted national-scale distributions of indigenous freshwater invertebrates	NIWA	http://www.biodiversity.govt.nz/pdfs/freshwater-macro-invertebrate-distributions.pdf	2009
211	Database for NZ Aphids: II constructing the Database	Crop and Food research	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/nzac/tfbis/Aphids.asp	2010
212	NZPCN Digitising Botanical Society Journals	NZPCN	www.nzpcn.org.nz/	2010
213	Creation of a Wetland macroinvertebrate community index	NIWA	www.niwa.co.nz/	2010
214	New Zealand Organisms Register	Joint	http://www.nzor.org.nz/	Underway
215	New Zealand Virtual Herbarium	Landcare Research	www.virtualherbarium.org.nz	2011
216	Digitise the NZ Botanical soc newsletter	NZPCN	http://nzpcn.org.nz/page.asp?publications_Botsoc_journals	2009
218	Factsheet information infrastructure - a platform for the dynamic delivery of topic and taxon profiles. This project developed an infrastructure programme to enable factsheets to be developed. The link is an example of the product in use -	Landcare Research	http://nzacfactsheets.landcareresearch.co.nz/	2010
219	Enhancement of invertebrate datasets in FBIS and development of a tool kit for resource managers	NIWA	http://www.biodiversity.govt.nz/pdfs/review-of-fbis.pdf	2010
220	Enhanced spatial interface and datapoint dynamics for NZBRN	Landcare Research	www.nzbrn.org.nz	2010
222	The whole of Northland project - phase 3	Northland Regional Council	http://biodiversitynorthland.org.nz/	2011

223	National wildlife health database: data collection and entry	DOC	www.doc.govt.nz/wildlifehealth	2011
224	Improvement and integration of the bird banding recovery database in BIOWEB	DOC	http://www.doc.govt.nz/conservation/native-animals/birds/bird-banding	2010
225	Larger moths of NZ: Digital image gallery	Landcare Research	http://largemoths.landcareresearch.co.nz/	Underway
226	Image database of weevil genera	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/invertebrates/weevils/index.asp	2011
227	Making Lichen information accessible and understandable: preparing introductory field guide to lichens, databasing reference lichens and linking images to online flora descriptions	NZBS		Underway
228	Interactive identification key to the major environmental weeds of NZ	Landcare Research	www.landcareresearch.co.nz/research/biosystematics/plants/weed_key/	2011
229	Interactive key to NZ Coprosma species	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/plants/coprosmakey/	2010
230	A web-based identification key for NZ Russulaceae (Fungi)	Landcare Research	http://www.landcareresearch.co.nz/research/biosystematics/fungi/russulaceae_key/index.asp	2011
231	Insect information factsheets for conservationists, biodiversity managers	The NZ Institute for Crop and Food Research Ltd.	http://nzacfactsheets.landcareresearch.co.nz/about.html	2010
232	Beyond LENZ: the next generation of ecosystem classifications	Landcare Research	http://www.landcareresearch.co.nz/databases/lenz/nextgeneration/	2011
233	The cultivated plant problem: towards a multi-agency solution	Landcare Research	www.landcareresearch.co.nz/publications/researchpubs/Report-documenting_New_Zealands_cultivated_flora.doc	2010
236	NZOR Executive Secretary	Landcare Research	http://www.nzor.org.nz/	Underway
238	National weeds distribution database scoping study	Landcare Research	http://www.biodiversity.govt.nz/pdfs/national-weeds-distribution-database-scoping-study.pdf	2010
239	Biodiversity data landscape and mapping workshop	Seradigm Knowledge	http://www.biodiversity.govt.nz/pdfs/nz-biodiversity-data-landscape-diagram-key.pdf	2010
			http://www.biodiversity.govt.nz/pdfs/nz-biodiversity-data-landscape-diagram.pdf	
241	Profiles to weeds of importance for national biosecurity	Landcare Research		Underway

242	Interactive key to the flowering plant genera of New Zealand	Landcare Research		Underway
243	NVS Express workshops	Landcare Research	http://nvs.landcareresearch.co.nz/html/NVSLite.aspx	2011
244	A recommended monitoring framework for Regional Councils	Taranaki Regional Council	http://www.biodiversity.govt.nz/pdfs/recommended-council-monitoring-framework-report.pdf	2011
245	Integrated biodiversity management system scoping report	Bay of Plenty Regional Council		Underway
246	Digitising the diversity of New Zealand's freshwater invertebrates using DNA barcoding: the case of the caddisfly	University of Waikato		Underway
247	Scoping Report - Strategic visioning project for NZPCN	NZPCN		Underway
248	Biodata management framework	Horizons Regional Council	http://dataversity.org.nz/guide/practices/	2011
249	Improving the Freshwater Biodiversity Information System (FBIS); making freshwater data more accessible and interoperable	NIWA		Underway
250	Supporting evaluation of the conservation status of the New Zealand flora	Landcare Research		Underway
251	Online Encycloedia of New Zealand Birds	OSNZ/Te Papa		Underway
252	PDF maker for species factsheets	NZPCN	www.nzpcn.org.nz	2011
253	An atlas of adult Trichoptera (caddisflies) from New Zealand	NIWA		Underway
254	The "Nature Recorder" for all New Zealanders: catalysing citizen science with the next generation NZ Biodiversity Recording Network (NZBRN) web system	NZBRN	http://naturewatch.org.nz/	2013
255	Virtual identification of true bug families and genera	Landcare Research		Underway
256	Virtual guide to the parasitoid wasps (Ichneumonidae) of New Zealand	Landcare Research	http://www.landcareresearch.co.nz/science/plants-animals-fungi/animals/invertebrates/systematics/hymenoptera/ichneumonidae	2013
257	Interactive key to New Zealand native orchids	Landcare Research	http://www.landcareresearch.co.nz/resources/identification/plants/native-orchid-key	2013
258	Interactive key to terrestrial Isopoda of New Zealand	Massey University		Underway

259	Filling critical knowledge gaps in freshwater biodiversity	NIWA		2013
260	A freshwater biodiversity information management and publishing application	NIWA		2012
262	A new geofabric for freshwater biodiversity information	NIWA		2013
263	Biodata Management Framework: Phase Two	Horizons Regional Council		Underway
264	A New Zealand Plant Collection Register: the missing biodiversity resource	Royal New Zealand Institute of Horticulture (RNZIH)		Underway
266	Data management system for rodent surveillance and genetic analysis	Landcare Research		Underway
267	Pyraloid Moths of New Zealand: image gallery	Landcare Research		Underway
268	Cryptogam type databasing and imaging Allan Herbarium	Landcare Research		2012
269	Protection of historic freshwater fish data and specimens	NIWA		2012
270	Historical type collections - repatriating and sharing Fungi data	Landcare Research		2012
271	Filling information gaps in NZPCN coverage of introduced aquatic and wetland plants	NZPCN		Underway
272	Wetland rush Juncus key and guide	NIWA		Underway
273	Tokoriro Taxonomy - The Beta Weta Geta	Massey University		Underway
274	Virtual guide to the tachinid flies (Tachinidae) of New Zealand	Independent		Underway
275	Improved Environmental Indicators for New Zealand's lakes	NIWA		2012
276	Freshwater Fish Data Ingestor and Atlas	NIWA		Underway
277	NZGrass key - a new Danthoniinae character set	Landcare Research	http://www.landcareresearch.co.nz/resources/identification/plants/grass-key	2013
278	Inventory and taxonomic key to the aquatic invertebrates of NZ's subantarctic Campbell Island	EOS Ecology		Underway
279	Scoping a national lake classification	NIWA		2012
280	Scoping Report to Investigate the End-user Needs, Design and Development Options for a Coastal Dune Ecosystems Database	Dune Restoration Trust of New Zealand		2012

281	The Natural (Prehuman) Vegetation of New Zealand	Landcare Research		2012
282	Scoping report - Interoperability framework for freshwater biodiversity data	NIWA		2012
283	Update of aquatic plant database to include native species, pest and high risk species	Federation of NZ Aquatic Societies Incorporated (FNZAS)	http://www.fnzas.org.nz/?page_id=2379	2013
284	Case studies of a species and ecosystems biodiversity portal, a Museums example	Te Papa		2013
285	Digitisation of Protected Natural Areas (PNA) Reports	Tanya J. Blakely		Underway
286	NZOR Extension - Connecting to Global Names Service	Landcare Research		2013
287	Advancing the New Zealand Biodiversity Portal	Seradigm		2012
288	Incorporation of the NZVH into the Australian Virtual Herbarium	New Zealand Virtual Herbarium Network		Underway
289	New NZOR website for better access to data	Landcare Research		Underway
290	Digitising the diversity of New Zealand's freshwater EPT taxa using DNA barcoding	University Waikato		Underway
291	Freshwater invertebrate identification tools for community monitoring	NIWA		Underway
292	NZ Threat classification information web interface	DOC		Underway
293	Development of a literature/reference database to store and maintain coastal dune ecosystems information	Dune Restoration Trust		Underway
294	Diatom type databasing and imaging, Allan Herbarium and NIWA	Landcare Research		Underway
295	New Zealand Birds Online - collation and publishing of extracts from HANZAB	Te Papa		Underway
296	QUAVONZ: Quaternary Vegetation of New Zealand	Landcare Research		Underway
297	Interactive weeds key - common species and pest plants	Landcare Research		Underway

298	Plant identification using Lucid Mobile: the new smartphone app	Landcare Research		Underway
299	A national network for connecting and mobilising primary biodiversity data	NIWA		Underway
300	Data visualisation and management tools for hapu and iwi	NIWA		Underway
