

# CAPE RODNEY / OKAKARI POINT MARINE RESERVE – THE MAGICAL SEA ADVENTURE!

1. Pou Whenua: These carved posts protect this special area. What can you see in the carvings? Did you know that whakairo / carving is an important Māori tradition?
2. Information Panels: There are three main rules that also help protect this special area. What are they? Did you find out what a marine reserve is?
3. Viewing Platform: Stop and take in the amazing view. There's a lot of kaimoana/seafood in this area of Tikapa Moana/Hauraki Gulf. Can you guess why Māori iwi/tribes liked to live here?
4. Information Kiosk: It's time to explore! Make a list of all the plants, fish and birds you see along the way.
5. Swim, Snorkel and Explore: What creatures can you see as you explore underwater? Make sure you remember the rules that protect our special taonga/treasures.
6. Rocky Shore: Amazing creatures love to hide under rocks and in the channels. What you can find and see? Make sure to put any rocks back.
7. Questions and Answers: Fun facts are lurking everywhere on this pathway. How many can you find?
8. Goat Island Marine Discovery Centre: Visit here in the summer months to learn more about the amazing underwater world.
9. Walking Track: Discover breath-taking views at the top of the track. How many islands you can count from here? Can you remember what they're all called?
10. Nesting Birds: Heaps of seabirds live alongside this coastline. Can you spot any nesting in the trees?

## Health and Safety:

Please bring appropriate footwear. Beware of slippery surfaces, unpredictable waves and know your limits in the water. Check tides and weather forecast before visiting.

**Approx Distance and Time: 1.5 km – 1 hrs**
