

Abel Tasman National Park

Low Water Tide Tables

For your safety: Walkers can cross the Awaroa Estuary within one and a half hours before and two hours after low tide. However, the actual times for crossing can be affected by natural influences such as tide heights and storm surges. Allow 20 to 35 minutes to cross the Awaroa Estuary. All times are corrected for daylight savings beginning on the last Sunday in September and ending on the first Sunday in April. Daylight saving times are subject to change by the Government at very short notice.
