

Figure 12.  
View upstream from  
Whangamata Road bridge  
towards the confluence  
of the tributary streams from  
Right Hand Spring (left  
side) and Left Hand Spring  
(right side), 2003.

Figure 13 (below).  
Bottom Site, March 2002,  
looking downstream,  
showing the dense musk  
beds choking the stream  
channel.

Figure 14.  
Bottom Site, May 2003,  
looking upstream. The  
stream channel was clear  
at this time.
